REASONS FOR ALLOWANCE

1. Applicants canceled claim 6.
2. The following is an examiner's statement of reasons for allowance: As previously indicated, the acid-decomposable group-containing resin of Aoi'452 does not contain silicon as presently required in claim 1, nor does the reference fairly suggest the use of such resin. Also, as previously indicated, Aoi coats his resist composition directly onto a substrate, and the reference does not teach or suggest present step of forming a planarizing layer over the substrate as presently required in claim 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
